

**Marmo Financial Group, LLC**  
**June 3, 2020**

**FORM CRS**

Marmo Financial Group, LLC is registered with the Securities and Exchange Commission as an investment adviser and, as such, we provide advisory services rather than brokerage services. Brokerage and investment advisory services and fees differ and it is important for you, our client, to understand the differences. Additionally, free and simple tools are available to research firms and financial professionals at [Investor.gov/CRS](https://investor.gov/CRS), which also provides educational materials about broker-dealers, investment advisers, and investing. This document is a summary of the services and fees we offer to "retail" investors, which are natural persons who seek or receive services primarily for personal, family, or household purposes.

**What investment services and advice can you provide me?**

We offer the following investment advisory services to retail investors: **Financial Planning Services; Portfolio Management Services; Asset Allocation Services and Advisory Consulting Services.** Detailed information regarding our services, fees and other disclosures can be found in our Form ADV Part 2A Brochure Items 4, 7, 13 and 16 by clicking this link <https://adviserinfo.sec.gov/firm/brochure/143816>.

**Account Monitoring** If you open an investment account with our firm, ongoing monitoring of your investments on at least a quarterly basis is part of our standard service.

**Investment Authority** We manage investment accounts on a **discretionary** basis whereby **we will decide** which investments to buy or sell for your account. You may limit our discretionary authority (for example, limiting the types of securities that can be purchased or sold for your account) by providing our firm with your restrictions and guidelines in writing.

**Investment Offerings** We provide advice on various types of investments. Our services are not limited to a specific type of investment or product.

**Account Minimums and Requirements** In general, we do not require a minimum dollar amount to open and maintain an advisory account; however, we have the right to terminate your account if it falls below a minimum size which, in our sole opinion, is too small to manage effectively.

***Key Questions to Ask Your Financial Professional***

- **Given my financial situation, should I choose an investment advisory service? Why or Why Not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education and other qualifications?**
- **What do these qualifications mean?**

**What fees will I pay?**

The following summarizes the principal fees and costs associated with engaging our firm for investment advisory services. For detailed information, refer to our Form ADV Part 2A Brochure by clicking this link <https://adviserinfo.sec.gov/firm/brochure/143816>.

- **Asset Based Fees** - Payable quarterly in arrears. Since the fees we receive are asset-based (i.e. based on the value of your account), we have an incentive to increase your account value which creates a conflict especially for those accounts holding illiquid or hard-to-value assets;
- **Hourly Fees** - Payable in arrears;
- **Fixed Fees** - Payable in arrears;
- Clients pay the following addition fees and/or expenses: Mutual Funds & ETFs have transaction costs that are in addition to our advisory fees.

Examples of the most common fees and costs applicable to our clients are:

- Custodian fees;
- Account maintenance fees;
- Fees related to mutual funds and exchange-traded funds; and

- Transaction charges when purchasing or selling securities.

**You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying.**

**Key Questions to Ask Your Financial Professional**

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

**What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?**

**When we act as your investment adviser**, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you. Here are some examples to help you understand what this means.

- **Third-Party Payments:** Certain individuals of MFG are also licensed insurance agents and will receive commissions or other remuneration when the sale of insurance products occurs which presents a conflict of interest. As such, these individuals are able to effect insurance transactions and will receive separate, yet customary compensation. Under no circumstance will the client pay both a commission to these individuals and a management fee to MFG on the same pool of assets. Clients of MFG are under no obligation to purchase insurance from persons of MFG.

Refer to our Form ADV Part 2A Brochures by clicking this link <https://adviserinfo.sec.gov/firm/brochure/143816> to help you understand what conflicts exist.
